

Dear Colleagues and Friends
from the Rubber Industry,

July 1st – 4th the international rubber industry will meet at Nuremberg, Germany at the DKT 2024 (Deutsche Kautschuk-Tagung).

The scientific conference will be embedded in an event, closely together with the largest trade fair, product presentation panels and poster sessions. Key industries like the raw material sector, the manufacturing equipment suppliers, compounding services, recycling, software solutions and testing equipment. They will be all together to participate in the scientific program of the DKT.

On behalf of the German Rubber Society (DKG) you are cordially invited to participate and give your poster or oral presentation to an international audience. Four days of conference and discussion with colleagues from all areas of the industry will be waiting for you and your contribution.

This event is a unique opportunity to engage in connecting, networking and reuniting with colleagues and friends from rubber research and industry. Please join in to meet, exchange and get inspired.

Networking for a Sustainable Future

We are looking forward to
meet you in Nuremberg 2024.

Dr. H.-Martin Issel

Chairman
Deutsche Kautschuk-Gesellschaft e. V.

Conference Topics

The technical presentations at DKT 2024 cover the latest findings from all subjects of **rubber and elastomer research and development**:

- Circular economy and legal requirements
- Raw materials, Compounds
- Processing, Automation
- Testing and Characterization
- Applications
- Simulation and Modeling

A **Tyre Day Forum** and a **Future Mobility Forum** focus on these hot topics.

Presentations on all aspects of thermoplastic elastomers are bundled in a **TPE Forum**.

Abstract Submission

Please submit your abstract for oral and poster presentations online at the DKT 2024 website: **www.dkt2024.de** until **31 October 2023** latest.

The maximum abstract length is 400 words.

The programme committee will select the speakers and posters from the submitted abstracts. You will be notified of the decision in January 2024.

Presentation

The duration of the oral presentations is 20 minutes plus 5 minutes for discussion.

Posters should be prepared in the DIN A0 format.

Publication

Digital copies of the presentation slides and posters will be made available to the conference attendees.

Conference Language

The conference language is English.

Ticket Prices

We offer reduced 4 days tickets for speakers and poster authors:

- from industry: € 585,—
- from research institutes, universities:
free of charge

The number of reduced tickets is limited to one per oral or poster presentation.

Conference

Over 100 up-to-date presentations from industry and science cover all subjects of rubber and elastomer technology.

DKT 2024
GERMAN RUBBER CONFERENCE
1-4 JULY, NUREMBERG, Germany

DKT Forum

A forum on general topics involving rubber-related organizations as a link between conference and trade fair.

Trade Fair

One of the largest trade fairs of the rubber sector accompanies the conference. We expect more than 250 companies from all over the world to present their products and novelties.

Science Campus

Science meets Industry: Universities and institutes will present the spectrum of their research on the Science Campus in the exhibition hall 9.

Social Events

An opening ceremony, a welcome evening and a Best of Party will be arranged for conference attendees, exhibitors, visitors, and accompanying persons.

Time and Location

1 – 4 July 2024

Exhibition Center Nuremberg · NCC Mitte
90471 Nürnberg · Germany
